Summary

Computer Science and Engineering graduate with hands-on experience in Full-Stack Development. Skilled in building responsive, user-friendly applications with modern frameworks and databases. Passionate about solving real-world problems and seeking opportunities as a Full Stack Developer or Software Engineer.

Education

B.E. In Computer Science And Engineering 2022 – 2026
St. Joseph Engineering College, Vamanjoor, Mangaluru

- CGPA: 8.61

Pre-University Education 2020 – 2022
Govt PU College Kundapura, Udupi

- Percentage: 93.33

Experience

Full Stack Development Intern | Kakunje Software Private Limited Mangaluru 01/2026 – 04/2026

- Completed a 15-week full-stack development internship, gaining hands-on experience in HTML, CSS, JavaScript, React.js, PHP, MySQL, Node.js, Express.js, and MongoDB.
- Developed responsive web applications and REST APIs, contributing to the Lodge Management System with booking management, Razorpay payment integration, and email notifications.
- Implemented backend functionalities and security measures including authentication, CRUD operations, CSRF protection, rate limiting, secure file validation, and database transaction handling.

Projects

LockVerse – Full-Stack Password Manager | React, Node.js, Express.js, MongoDB | 02/2025 – 08/2025

- Built and deployed a full-stack password manager with user authentication and CRUD functionality using React, Node.js, Express and MongoDB Atlas on Render.
- Secured user passwords with bcrypt hashing and vault passwords with AES-256-CBC encryption, ensuring zero plain-text storage in the database.
- Protected REST API routes with API key middleware and user-scoped data isolation to prevent unauthorized access.
- Designed a responsive UI with Tailwind CSS featuring real-time search, copy-to-clipboard, password visibility toggle and toast notifications.

Lodge Management System | PHP, MySQL, JavaScript, Bootstrap, Razorpay | 03/2026 – 05/2026

- Developed a full-stack lodge management system with modules for bookings, billing, housekeeping, and analytics.
- Guest website with room browsing, date-based availability filtering, online booking with Razorpay payment integration, OTP-based password reset via Gmail SMTP, and ID proof photo upload.
- Secured with CSRF tokens, brute-force rate limiting, file upload validation, and SQL transaction locks; automated billing with 12 percent GST and printable invoices.

Skills

Programming Languages: Java, C

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js, PHP, Tailwind CSS, Bootstrap

Databases: MySQL, MongoDB

Development Tools: Git, Github, Visual Studio Code, Eclipse IDE For Java Developers

Soft Skills: Teamwork, Adaptability, Communication, Problem-solving

Certifications

- SQL for Data Science – Great Learning(2025)
- Privacy and Security in Online Social Media – NPTEL(2025)
